PRESS RELEASE – AUTUMN 2023

## WOODBIDGE AND WICKHAM

This season Nina Campbell introduces a romantic collection of decorative fabrics named after the beautiful riverside market town in Suffolk, England. **WOODBIDGE** features floral, foliage and stripe designs, presented in Nina's signature palette of red, coral, green, aqua, ochre and indigo grounded with natural shades of ivory and linen. The designs have a charming air of informality, combining print, embroidery and weave techniques in perfect harmony.

Nina's **WICKHAM** collection provides perfect co-ordinating velvet and chenille weaves.
