

ESSENTIALS

KAOLIN

Natural materials such as basalt, minerals and cork form the basis of the Kaolin collection. Their specific look & feel pairs beautifully with the powerful, graphic patterns. The designs strike the perfect balance between purity and expression. They also radiate the finesse and character of traditional craftsmanship. A weathered fresco completes this refined textural collection.

Calcaire Stucco

Crafted with artisanal precision, this design features a sand-textured stucco or paint finish, expertly applied to a non-woven backing. Subtle tonal variations create a soft, natural surface rich in depth and character. Easy to install, with invisible seams that ensure a flawless, continuous result even across walls and ceilings.

Calcaire Stucco is available in 18 colourways.

Fragment

The base of the Fragment wallpaper has the realistic look and feel of a stucco wall finish. The powerful, graphic pattern has been created in the finest detail; no two elements in the design are alike. The dynamic lines add movement, but the soft tone-on-tone nuances and artisanal finish keep the overall look balanced and natural.

Hortus

Hortus is a distinctly decorative botanical design where imagination and refinement come together. The illustration is lush and playful, abundant with whimsical elements; just look at the details of the leaves and veins. Almost every part of the design is filled, leaving hardly any empty spaces. This creates an overall impression that is surprisingly soft and harmonious, almost like a faux-uni. The design is printed with matte ink on genuine cork, resulting in a beautifully weathered appearance.

Hortus is available in 2 colourways.

Passeggio

Passeggio evokes the atmosphere of a weathered, classical fresco in which elegant cranes take centre stage. The panoramic is printed on a surface resembling authentic parchment. Combined with the design, this material creates a naturally aged effect.

Passeggio is available in 2 colourways.

Solco

Solco is Italian for groove, a name that suits this design perfectly. The geometric pattern is formed by narrower and wider grooves that appear hand-carved. The base has the realistic look and feel of stucco. The gentle colour nuances enhance the artisanal character.

Grezzo

Grezzo is a refined wallcovering with genuine basalt flakes, sourced from volcanic rock. The subtle shimmer catches the light beautifully, causing the wall to glow softly. The colours are inspired by natural stone, enhancing the pure, organic character of the material.
