ECLIPSE

Imagined as a dialogue between shadow and light, ECLIPSE is an extraordinary collection that celebrates the timeless contrast of black and white, embodying a bold new vision of interior design: radical, graphic and unapologetic.

Crafted with artisanal precision, ECLIPSE transforms noble materials into striking textures, unveiling enduring elegance and refined depth. Graphic prints enhance the collection with a contemporary edge and an artistic spirit.

ECLIPSE draws inspiration from the cosmos: an inspiring, generous and profoundly captivating darkness, contrasted by plays of light. Nuanced shades of white create harmonies that are both understated and sophisticated. With its variety of textures and finishes, ECLIPSE enables each space to reveal its unique character.
