

VOGUE NON-WOVEN TEXTILE WALLCOVERING

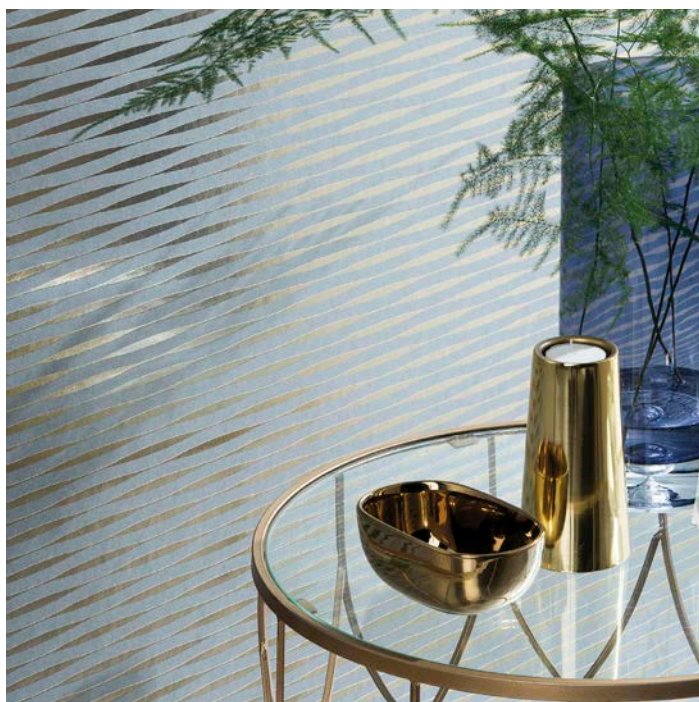

Let yourself be carried away by the rhythm of Vogue, a collection of non-woven wallcoverings developed around two themes, in endless colour variations.

Elegant, timeless yet contemporary, Vogue dresses up your walls with an iridescent sheen, and colours them in undulating lines. A subtle glow spreads, a game of duo-tones, of light and contrast between the back colour and the embossed metallic foil... a scale of endless variations... Try to keep pace with them, while turning the pages one by one...

Let's travel along shades of weelwright blue, light lime and dark duck green, purple, crimson red, terracotta; copper, peach; silver and linen grey; mocca and clay beige; anthracite, lead; pale alabaster and ivory... Metallic leaves of white and yellow gold, silver, copper, bronze, anthracite, icy pink... enhance the different printed colours.

A new impulse for our interior decoration, mingling elegance with refinement.

The printed and embossed non-woven wallcoverings, 1 m wide, combine numerous technical and ecological qualities: European Bs1-d0 fire rating, good light resistance, easy installation, breathable and therefore suitable for use in humid climates or environments, marine certificate which enables the use on cruise ships, ecological certificate, FSC label, printed thanks to solar energy...
